Announcing the Fifteenth
WEST of ENGLAND
RADIO RALLY

Sunday 17th June 2018

A popular & successful
 event for Amateur Radio
 Electronics
 & Computer Enthusiasts

www.westrally.org.uk

Now in its fifteenth year, the **West of England Radio Rally** has become well established with visitors and traders alike. The event is aimed at Amateur Radio, Electronics and Home Computer enthusiasts. A large trade show enables visitors to buy new and used radio equipment, test gear, components, software, books, computer hardware, batteries, cable and connectors - infact just about anything you might need in a radio shack or computer den.

Part of the large trade show in the main exhibition hall. Everything from a small connector to a new radio set is available.

The event is held in the centre of Frome, Somerset - an attractive small town with lots of interesting shops and good pubs. The venue is the "Cheese & Grain",

located off the main town centre car park. This multi-purpose venue features a large exhibition hall, café, disabled access & facilities and plenty of car parking, which is free on a Sunday.

Visitors take a break from bargain hunting to enjoy the freshly prepared snacks in the cafe.

Traders have a choice of two stand types. Trestle tables may be hired within the hall or for those with their own stand, a large area of hard-standing outside of the building is available. Advance booking is essential and booking forms may be downloaded from our website or sent by post from the Rally Manager. There is no minimum stand size.

The 2018 event takes place on Sunday 17th June from 10.00am to 2.00pm.

Adult admission is £3.00 and accompanied children under 14 go free!

Even more bargains are to be found in the large outside trading area beside the hall.

The event is organised on a voluntary basis by the Severnside Television Group, an RSGB affiliated Repeater Group based in Bristol. It runs the TV Repeater GB3ZZ. All proceeds from the Rally go to fund the Group's activities and grants are made to other local Clubs that help us.

The Rally Manager is Shaun O'Sullivan G8VPG, a Radio Amateur for over 30 years with 25 years experience of organising events of this type. There is a Rally website with lots more information available.
